

An Invitation to Build Your Business

Be part of our October Burnaby Feature in Senior Living Magazine

The City of Burnaby is the most prominent provider of Senior Services in the Lower Mainland. There are more seniors living in Burnaby per capita than in any other area of British Columbia. Our October edition will feature senior services offered by the City of Burnaby and senior focused products and services offered by businesses and organizations within the city.

**Here is your opportunity to reach new clients
through targeted marketing.**

The 50+ demographic (seniors and baby boomers) is a powerful consumer group, making up almost half the adult consumer market today. For over 10 years we have placed our advertisers in front of OVER 125,000 readers monthly. We want to help you reach this huge and rapidly growing group of customers, too.

Special Burnaby Feature Pricing

A saving of 45% off our regular rates.

	Regular Rate	Feature Rate
