Re: Delivery of the Program

Within the scope of the project 'Building Capacity for Strengthened Transparency and Accountability with Regard to Minerals and Oil in Mongolia' being implemented jointly by the The Secretariat of the State Great Hural of Mongolia and Natural Resource Governance Institute, we have agreed to organize a study tour and introductory seminar for State Great Hural members and Secretariat staff in Canada on 08-12 September 2014.

During the visit, State Great Hural members plan to meet Canadian legislators on the issue of improving transparency and accountability in the minerals and oil sectors and learn about the activities of state regulatory and oversight organizations and some companies operating in the sector.

We would like you to agree in advance the meetings and hosting organizations for State Great Hural members during this visit to Canada and deliver us the program, in accordance with the project document.
